## OTB Results for 22 Oct 22

### Yardstick Results

A comparison between how the Multihulls sailed as compared to the monohulls is to look at the Multihull correction factor. The closer to 1, means that the multihulls sailed similar to the monohulls, the further away from 1, the better the monohull sailors performance. For example, in Race 4 the monohulls were as a group, much faster than the multihulls, than in Races 5 & 6.

# HAWKESBURY CRUISE REPORT

by Doug Dyce

Arriving Friday afternoon at Parsley Bay boat ramp we met Peter and Jackie on Sail Away and Ian and Vanessa (friends of Phil and Kim from SA) on their Farr 6000. We all launched and made our way to Refuge Bay and picked up a mooring . I had a canoe for a tender with Gundaroo2 and had a look at the plaque for the

commandos who trained there for their raid on Singapore harbour in WW2. Their camp was above the waterfall, Had a few beers with Pete and Jackie on the way back to Gundaroo2.

We all had a pretty good night and rafted up for breakfast the next morning. Phil and Kim arrived at dark.30 the night before but I went up to Parsley Bay to meet Rob and Sharon Rimington in their Cole 19, Sharon's first time on a boat. Once we found them we radioed the others we were heading out to round Lion Island.

The weather that weekend was supposed to be light winds from the west but it was a bit stronger than that and picked up as the morning progressed. Phil and Ian ( who didn't put up a mast) went and checked out Patonga which was a lunch destination for the day. This was canned as there was too much surge.

So, 3 boats went around the island but a front came through out of nowhere so sails down motor on. Rhonda on Gundaroo2 fighting the helm. I had to have two goes at tying the sails down, big chop full throttle. Ringing the neck out of my little 5 horse Merc. Made sure everyone was ok, bashed our way back to Refuge Bay and

rafted up for lunch. What a morning. The wind continued to bomb us for the remainder of the weekend. Sharon and Rhonda's highlight so far was lunch!

Got a message from Phil that he and Ian were at the end of Smiths Creek so after lunch we made our way up there passed Cottage Point dodging float planes on the way. Met up with Phil and Ian before dark and had dinner and a couple of scotchs and I was out like a light. The wind kept on

blowing us around but Sailaway was the only one to drag anchor . The next morning we all rafted up for breakfast which was a fairly drawn out affair before parting company. Rhonda and I sailed most of the way back to Parsley Bay and managed to get ourselves out and packed up before the locals started pushing in. Was a great weekend despite the weather, we were lucky to do what we did.

# Lake Glenbawn Cruise

November 25<sup>th</sup> to 26<sup>th</sup> 2022  
Cruise Leader – Brian and Valerie Harrison

*Well, its time again to venture inland. The dam is now full so very different scenes from last time.*

*Come join us sail this picturesque lake. This time of year still allows us to have a campfire ( as long as its not a fire ban !)*

**Lake Glenbawn** is a dam is situated on the Hunter River about 20 kilometres east of Scone in the NSW Hunter Valley. The lake is a popular inland sport and recreation destination near Scone, offering year-round attractions for water sports and fishing enthusiasts, nature lovers, bushwalkers, campers and picnickers

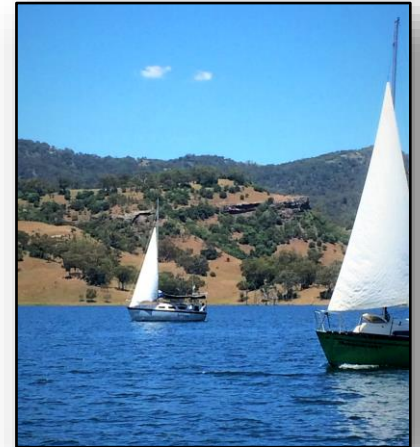

**Lake Glenbawn** is sometimes a forgotten place for us to sail and sometimes the winds can be very light! However, the scenery makes up for everything.

*We'll be finding a lunch spot somewhere or even raft up and drift down the lake whilst eating lunch. Overnight depends on what we find! Everywhere you look its breathtaking!!!*

*Where we launch is almost designed for trailer sailers- nice and flat and no overhead trees. Plenty of parking and rigging space.*

*OTB members are invited to join us – details below.*

## **CRUISE DETAILS;**

- *Brian and I will be launching on the Friday arvo/night (depending on when I can knock off work) and I have been informed some others will also. We are aiming for a 10:30am kick off on the Saturday so if you're coming and haven't told us please don't expect us to wait for you if something has happened to hold you up ☺. However, in saying that, if you do turn up late or Sat arvo we'll have the radio on and you can't get lost- just keep sailing/motoring up to the end of the dam- you'll find us ☺.*
- *The park office is open from 9am to 5pm and they will provide you an access code and map when you pay. \$31 a night for two people. However, we will be booking a non-powered camp site online with our car rego and request for the access code in the comment field. If this is done by the Wednesday before we'll have our access code emailed to us before Friday. Please feel free to do the same, especially if you plan on getting there late Friday arvo !*

<https://www.inlandwaters.com.au/park/info/lake-glenbawn>

- *We will be launching from 'Diamond Point' boat ramp. Upon entry to the park the ramp is about 5km in. So if you think you've missed it keep driving. It is the second ramp up by the fishing club- you can't go any further !!!*
- *The park kiosk will be closed but they will have ice and worms!!*
- *There are toilet facilities in the park about a 5 min walk up the hill from where we launch, but there will be NO toilet facilities on the dam or where we are staying overnight.*
- *You will need to be completely self-sufficient. There are no lights other than the moon and campfire. YES, a campfire so please bring some wood.*
- *There are NO shops or anybody around except us and perhaps a cow.*
- *You will need some way of securing your stern. Either by stern anchor or star picket or ? But there is NO tide ☺. Of course, anchor from the bow. Long ropes to secure your boat to land from the bow is also wise.*
- *Although you'll be able to beach, stern in very close if you have a princess plank consider bringing it.*
- *Chairs for happy hour is compulsory ☺*

## **OTBs**

- *Members with an OTB boat are welcome to join us.*
- *Basically, you can camp where you like, either where we launch or have your camping gear stowed on a trailer sailer to join the trailer sailer camp somewhere on the dam shore.*
- *Another option is to secure a berth on a trailer sailer and leave the OTB at home or have it towed!*

Below is a map from the Lake Glenbawn web site.

**X** marks the spot where the ramp is..... Although not on the map there is a sealed road down to it (just before the toilets).... The x isn't to scale and it will become obvious when you get there !! or call us.
