

Myall Lakes New Years Eve- 2019

Pirates and Princesses

The annual Myall new year eve week is a very exciting time for the club members to hide at Shelly's beach to relax after along year of work and play plus getting over Xmas.

With a very consistent North Easter blowing Shelly's was the perfect hiding spot for the trailer members to beach their well equipped trailer yacht "campers".

Paddle boards, kayaks, floats were to order of the day, to use a bit of free time before relaxing each night with happy hour.

Some of us had a bit of fun with Garry's Xmas present sailing across the lake with the n/e giving us plenty of motivation, great fun even though a few of us got very wet LOL.

The roll up for New Year's Eve was very good with 16 boats turning up and plenty of family coming also camping WELL DONE.

Kathy and Fiona were having fun kayaking & sailing their vessels with different rigs not knowing that they had the beginnings of a regatta to end all regatta's, the NHTYA gender skippered downwind race (Emma to report).

The days activities were great fun with everybody joining in and more to come with Pirate and Princesses dress up part gaining momentum.

After happy hour we decorated the gazebos and the evening started with costumes and our onshore dinner.

Thank you to all the effort that was put into our costumes.

A couple of pirates was taken in by the princesses especially Nev the pirate had his eye on one special princess (princess Crosswind).

After our dinner there was a few games and lots of laughs and the chance to look in the treasure chest for surprises.

As the night went on we had a weather warning and that had a few return to their boats for the night but as always there was the same few that seen the new year in.

Thanks for the effort from everyone to make a memorable night.
