Commodore's Muse

Greetings to you all!

November already and I've seen my 1st Christmas tree lights!

Well, November races 5 & 6 were interesting weren't they!

A great race on the Saturday with about 13 boats, and us Noelex's had fun with our own 'race within a race', and the Farr 6000's were doing the same thing! Congratulations to ZAM overall. And then off to the Catalina Bowling Club for another fantastic dinner, amusing banter and great conversations!

And then there was Sunday! 21kts with gusts to 30 kts meant a 'Round the Marks' course in the bay with only 5 boats taking on the challenge. Reefs in with sails spilling wind sometimes, and one dead spot right on the Point! Who says Castles don't like big winds! Great sailing by a Castle, Clubman 8, Noelex 25, Farr 6000 and a Cygnet! Thanks to Glenn for joining me on this one! The gallery on shore saw some exciting moments, and I can't wait to see the photos!

Even though the 'Boat People' took over the jetty at night and woke people up, please remember to move your boat off the launching/retrieval side of the jetty once it's in the water so other users have clear access – thanks all.

October OTB had to be cancelled due to weather, so they are all looking forward to this weekend's racing. The races are very visible from shore and locals like coming down and chatting and having a watch.

Have a look at the Christmas Party Flyer in the Newsletter, yes, It's only a few weeks away and looking like fun! There's a rumour that the cruising boats are going to go for a sail while the race is on, and then we all join up for a great party!! After so many comments about how lovely the food was last year, we're using the same caterers again, and kept the price at $35 per adult including Sunday breakfast!

With a theme of 'Nautical' you have lots of scope to get into the mood – from pirates, to Mermen, to Gilligan, so I'm expecting to see you all having fun like normal.

A big thanks to Jeff and Jodee for putting your hands up to run New Years Eve Party at Shelly Beach on Myall Lakes this year! A Murder Mystery! Look at the flyer and get ready for a great time up 'At the Lake'!

Fair winds to you all and see you at the ramp soon!

Ken.

Your Commodore

Editor's Note – Val Harrison

This edition you'll notice there are two trailerable race weekend results. This is because there was no racing last newsletter, so this newsletter is a bonus edition !!

I hope I have OOD correct as there have been several swaps happening.

Again, the photo inclusions have been a group effort – many Thanks.

No OTB results or report as there was no racing.

Race Report Saturday 17 Oct 2026 – race 3

With the motorised big horsepower Offshore Power Boats racing in the north section of Lake Macquarie, a modified easterly course was prepared by Peter M. Start location was out from the Rathmines Baths, followed by Swansea mark, anticlockwise around Pulbah Island and back to the start/finish line. Ten boats were racing today in two starts.

As we were heading out to the starting area, the Red Bull plane was giving us our own little air show flying overhead. Winds were forecast from the east at 10 knots, gusting to 16.

First start was away at 12:30 with Okay getting away cleanly, with Farrgo, Moonlighting and Déjà vu close behind.

Second start was away at 12:50 with Gundaroo II and Tri Hard having optimised timing on the line. Araluen, True North, Biddy Too and Jocimo were close behind.

Heading up the first work the Castles were all close together. The first start boats were well in the distance having started 20 minutes early with breeze.

Approaching the Swansea mark, Araluen had passed Tri-Hard and Gundaroo II, however Jocimo and Araluen were in a tacking duel. Araluen just rounded ahead of Jocimo and headed for Pulbah Island rounding, travelling only boat lengths apart. Rob was looking back after rounding and had trouble finding True North (did they have gear failure?, no radio call on retirement). We found out later they had a mid race, man overboard practice drill, with the floating winch handle being the recovery device. After many manoeuvres, the winch handle was recovered, and True North was on the way again.

It was a nice reach towards Pulbah Island, Tri-Hard popped a kite along with Gundaroo II (nice to see some colour on the water).

After rounding Pulbah Island, Araluen has passed Moonlighting. Now for the run home. Jocimo and Tri-Hard were close behind.

We next passed Wangi Point for the home stretch, passed Farrgo on the run and chasing down Déjà vu. Tri-Hard launched their kite and was in hot pursuit. Tri-Hard passed Araluen and Déjà vu on the run crossing the finish line ahead.

Araluen pipped Déjà vu on the finish line. We thought Tri-Hard took line honours, only to find Okay was miles ahead of all of us.

Finish line crossing positions. Okay, Tri-Hard, Araluen, Déjà vu, Farrgo, Jocimo, Biddy Too, Gundaroo II, Moonlighting and True North (with all crew on-board).

For CBH and PBH results, see official results.
Thanks to Crosswind as OOD.

What a great turn out on the Saturday. Great to see so many boats on the water.

Many commented it was 'Champagne Sailing' and a great easterly course- lots of fun…
Unfortunately, I didn't get any photos of the Saturday but Sunday was a different story !!!!!

Hmm what a difference a day makes. Forecast for Sunday was heavy breezes and they weren't wrong. Sail committee decided to race in the protected bay and deployed our buoys. John on Jocimo was OOD and had pulled his boat out the night before however, brought his tinny to deploy the buoys together with the assistamce of Paul. Many comments about a 3-hour cruise was said – what could go wrong!

A great course was set with no issues- for 3 laps with a scratch start for 12pm.

The breeze had picked up to over 20knots by race start and many decided it wasn't for them. Some reefed and some sailed main only- it was exciting !!

This was the wind at Marks Point by 12:51- they were dizzy after the 3 laps. Race was only an hour long.

Jon and Dot did the starts and finish from the point.

I did manage a chuckle that I could see Aye Sea Red's centreboard... !!! And yes Farrgo ran a full main !

Brian was mobile ballast on Araluen which rob woud have appreciated the extra meat on the rail !!

Lots of stories at dinner was shared...

A great weekend.

For Sale
1980's Boomerang 20

Boat
One of the last Boomerangs to be manufactured. The difference to the earlier models is pop top, single line centreboard lift, moulded/lined interior and external bins and sealed ~ 20ltr watertank up forward. The Boomerangs are a great tuff little boat suitable for racing and cruising. This boat comes ready to sail straightaway.

120Ah lithium battery powers the centreboard lift, internal LED lights, navigational lights and a 60ltr sliding draw fridge. The battery can be charged by a 25A DC-DC converter powered by either the 200W folding solar panel, or your car when driving down the road.
Cushions have been mostly replaced and recovered in grey vinyl. Can sleep two in the forward V berth and one to two in the side berths (fridge would need to be removed for second side berth).

Sails; all sails are in very good condition, Main, Genoa, Jib, Storm Jib and spinnaker. Also has a whisker pole and a spinnaker pole.

Green boom tent and a white pop top cover to keep things dry. Hull has been antifouled in white. Rudder is a carbon fibre dagger type held in a stainless-steel rudder box.
Boat registered until Feb 27

Trailer
Single axle split trailer with 5000lb electric winch, submersible lights, new tyres and rims. No need to submerge bearings to launch or retrieve.
Trailer registered until Mar 27

Motor
8hp Mercury 2 stroke long shaft
