

It's on again.

18th to 21st April

The easter cruise this year will again be a bit of a “scrabble adventure”

Launching from Narong on Friday morning leaving at 10am and heading South East [not shore of the location give us a ring] our destination is all part the adventure for the weekend. We will be doing some of the river system for those that have not done it,

Kim and I have arranged for a meal to be delivered by drone again that we will all share? All you will need is a plate and drinks and a loud voice, so make sure you have enough provisions for the rest of your stay.

As it is Easter don't forget there are a lot of people that like chocolate eggs, coming.

If you want to bring a bag of firewood that would also help

As we are catering for 1 evening meal it would be nice if everyone let us know if you are coming and how many you will have on board.

It's all part of the adventure.
